## CIRCULAR LETTER 3063—AUGUST 24, 2010

TO: Members of the Bureau

FROM: Tad Cleveland

RE: Codes 3634 & 3643 Correction

During a review of the WI Worker's Comp Class Code Manual, it was discovered that two analogies which describe similar operations, Acetylene Torch Mfg and Welding Torch Mfg, were inadvertently included under code 3643 Electric Power or Transmission Equipment Mfg. instead of code 3634 Valve Mfg. These two classes have now been switched to code 3634 in the Manual. Member carriers are asked to please review these analogies in their systems and amend as necessary.
