GENERAL CIRCULAR LETTER 597—OCTOBER 15, 2012

TO: Members of the Bureau
FROM: Beth Nickel and Christine Siekierski
RE: Policy Entry and Edit Package—CDX[®] Announcement

Attention: Policy Reporting Personnel and CDX[®] PEEP[®] Users

Please see the attached announcement from Compensation Data Exchange (CDX[®]) regarding PEEP[®] (Policy Entry and Edit Package) replacement. As previously announced, PEEP[®] will be discontinued in 2014 as the program is cost prohibitive to maintain. WCRB is in the process of developing a replacement product for our members to use. We are in the initial stages of analysis and do not have a specific timetable for the release of our product at this time. As we complete our analysis and have more detailed information, we will notify you.

Please look for future communications that will be sent via circular letters, notices on WCRB's Web site, and direct communication with CDX[®] Insurance Group Administrators (IGAs).

CDX Announcement

October 15, 2012

TO: CDX PEEP Users
FROM: CDX Management
RE: PEEP—Policy Entry and Edit Package
Attention: CDX PEEP Users

CDX has decided that Policy Entry and Edit Package (PEEP) will no longer be available after December 31, 2014, because the program is cost prohibitive to maintain. Each Data Collection Organization (DCO) will independently determine if they will build a replacement product. Some DCOs have already developed such a product. It is recommended that you contact individual DCOs as necessary with any questions, concerns, or to obtain additional information. Each DCO will advise the industry as it determines its course of action.

Please note that only PEEP is being discontinued. This will have no impact on other CDX products such as Bureau Entry and Edit Package (BEEP). Direct file transfer of WCPOLS files through CDX will also be unaffected.
