GENERAL CIRCULAR LETTER 605—FEBRUARY 15, 2013

TO: Members of the Bureau

FROM: Beth Nickel

RE: Information Regarding WCRB's PEEP[®] Replacement Product

Attention: Policy Reporting Personnel and CDX[®] PEEP[®] Users

As announced in Circular Letters 596 and 597, CDX[®] PEEP[®] (Policy Entry and Edit Package) will be discontinued in December of 2014. WCRB is in the process of developing a replacement product for our members to use. At this time, requirements for the replacement product have been identified and documented, and the product is expected to be released during the third quarter of 2014.

The purpose of this circular is to make the industry aware that WCRB's replacement product does not include an import function as the existing PEEP[®] product does. Carriers may currently use the import function to run PEEP[®] edits prior to submission or to use existing transactions as a template for new transactions. While many carriers do not use the import function, those who do will need to make any necessary system changes or understand that the failure to do so may result in WCRB issuing Notice to Carriers.
