GENERAL CIRCULAR LETTER 620—NOVEMBER 11, 2014

To: All Holders of *Workers Compensation Data Specifications Manual*

In August 2014, the WCIO's EDI Committee met to review and discuss proposed changes to the ***WCIO Workers Compensation Data Specifications Manual*** and other products and tools found on the WCIO Web site.

An updated version of several WCIO products is now available on the WCIO Web site at www.wcio.org. A listing of the available products can be found under **WCIO Information** on the left side of the home page. The WCIO Data Specifications Manual changes can now be found under the **WCIO SearchPoint** link, as well as the Data Specifications Manual link. **WCIO SearchPoint** is an interactive application that features content from the WCIO Workers Compensation Data Specifications Manuals, Data Dictionary, and Code Lists, all in one central location. An informative user's guide is also provided.

The updated pages for ***WCIO Workers Compensation Data Specifications Manual***, dated November 4, 2014, reflect the revisions approved by the committee and the WCIO. Please review the "Summary of Changes" document for a complete explanation of all changes that have been made. Since this is a "revision," all additions, changes, and deletions will be identified with markings in the margins and underlined in the text.

Contact the appropriate individual insurance organization/jurisdiction concerning any questions you have regarding the additions, deletions, and/or changes, and any applicable effective dates.

Sincerely,

WCIO EDI Committee
