**RE: WI Class Code Changes – Transition Program**

Circular Letter 3177 – July 9, 2018 advised that two class code changes remained subject to a transition program. Code 3175 has met the transition criteria and is eliminated and reassigned to code 3169 effective 10-1-19.

Codes 2534 will continue, as the rate for the expiring code hit the swing limit and cannot be transitioned.
