RE: WCRB Bureau U

The WCRB is pleased to announce the WCRB online education portal available on the WCRB.ORG website. Bureau U contains modules that are self-paced presentations with audio narrations introducing the basics of Wisconsin workers compensation regulation and administration. Each module concludes with a short multiple-choice quiz to confirm understanding of key points presented in each lesson.

Currently our education portal includes one free course split into 5 modules that each range between 15 and 20 minutes in duration:

- Overview 101: Worker's Compensation and the Worker's Insurance System
- Worker's Compensation Regulation in Wisconsin
- Worker's Compensation Rate Making Methodologies
- Worker's Compensation Cancellations and Non-Renewals
- Worker's Compensation Short Rate Vs. Pro Rata Premium Returns

There is no charge for Bureau U and is available for public use. In addition to informing our members, WCRB will work to create an awareness about the availability of Bureau U to students, agencies, regulators, and others interested in learning about the basics of Wisconsin's workers compensation system.

To access Bureau U, click on the PORTAL button located near the bottom of the WCRB.ORG's home page, then create a login profile to view and take the free courses at your convenience.

If you have any questions regarding our existing modules or suggestions for future workers compensation educational topics, please email wcrbwebmaster@wcrb.org.
