Re: WORKERS' COMPENSATION PREMIUM FRAUD – a Webinar for Claims, Underwriting, Loss prevention and Field Auditors

When: August 8, 2024 10:00am -11:30am CST

Premium fraud costs the workers compensation industry billions of dollars each year. It is a large issue across the country and Wisconsin is no exception. To help address the problem, the Wisconsin Compensation Rating Bureau is pleased to host an educational webinar on the topic at **no cost**.

With a focus on contracting, this 1.5 hour session will define the problem, provide examples, communicate legal issues and inform attendees of some red flags to be aware of.

The session specifically targets **all** workers compensation claims, underwriting and loss control representatives, together with insurance agents and regulators.

Virtual Event Details

Thursday August 8, 2024, 10:00am – 11:30am CST

Cost: Complimentary

Participants are eligible for one CE Credit by attending this event.
